

We follow a standard process to evaluate the Pre-Owned Cars before they are made ready for you.

The car goes through 350 check points that are divided into the following categories which gives you a complete peace of mind:

1. General Inspection

Covers general screening of the car – Pollution check, ECM update etc.

2. Exterior Front Inspection

Covers inspection of Exterior front side of the car – Headlight, Indicator Lights etc.

3. Exterior Rear Inspection

Covers Inspection of Exterior Rear Side of the car – Tail Gate, Brake Lights etc.

4. Walk-Around Inspection

Covers inspection of exterior left and right side of the car ex – Paint Finish, Door Alignment

5. Interior Front Inspection

Covers Inspection of Interior front area of the car - Dashboard Controls, Front Seats, Front Seatbelts, etc.

6. Interior Rear Inspection

Covers inspection of interior rear area of the car – Rear Seats, Rear Trims etc.

7. Ideal Running Inspection

Covers the inspection of the car on hot test

8. Road Test Inspection

Covers the inspection of Car Drivability and Performance

9. Inspection by Opening Car Bonnet

Covers the inspection of critical points under car bonnet – Radiator, engine belts, condenser etc.

10. Under Body Inspection

Covers under body inspection of the car – Suspension, drive shafts, engine sump, steering system etc.

These check-points cover the pre-owned car's general health, aesthetics and its performance. After evaluating all the 350 points, the car is sent to Honda workshop for refurbishment with Honda Genuine Parts. We also offer 3 free services and a warranty of 1 Year / 20,000 kms (whichever occurs earlier) on the Honda Certified Cars.
